Servant Leadership within the Lodge

Servant leadership traces its principles to spiritual and religious roots. The name implies a leader acting as a servant to the followers. The servant leader model came into initial awareness through the work of Robert K Greenleaf, a former AT & T director of management research. Although the servant leader concept gained recognition in 1977 and 1978 in the leadership literature, the model only recently gained consistent attention. Greenleaf's primary inspiration came not from studying prominent corporate leaders of the day, but was inspired by a novel from Herman Hesse, describing a group of men on an adventure. Leo, the protagonist in this story, meets the needs of these men as their humble sojourning servant sustaining them with entertainment and performing chores. Leo disappears, and the group falls into disorder. A member of the party finds Leo years later, and discovers that he is the titular head of another group.

Although Greenleaf's conceptualization of servant leadership from the story is appealing, he was not the first to follow servant leadership precepts. Jesus Christ taught and practiced servant leadership over 2000 years ago. In addition, ancient leaders and monarchs utilized the practice in service to their people and their countries.

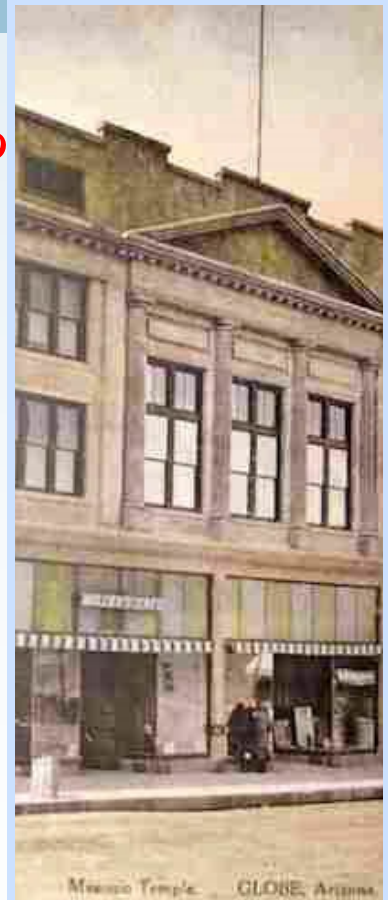

How does servant leadership apply to the lodge and master? Its philosophy is to enable people to obtain their goals. As a lodge, we serve each other to accomplish common goals, such as providing outreach services and support each other in time of distress. While masonry has a common framework, or working tools, in which we operate, we also have the opportunity to provide servant leadership with our brother love.

Thank you for all that you do!

Mark,

2019 Master

FROM THE SOUTH

Brothers,

We have a special opportunity this weekend (Saturday May 18th) to witness a cornerstone laying of the new Scottish Rite building at 7726 N 59th Ave. (About 1 1/2 blocks South of Northern Ave.) Starting time is 3:00 PM. This is your chance to witness a very special event. Not many cornerstone laying ceremonies are performed by the Grand Lodge each year. If you have never witnessed one, this is your chance.

While this years Lost Dutchman Outdoor Degree at the Don's Camp at Superstition Mountain was a great success, it's time to start planning for next years degree. If you would like to help with the degree, contact one of the officers. Help is always appreciated. With a little more effort we will make this the BEST outdoor degree in Arizona!

Fraternally,

Mark Nielsen
2019 Junior Warden

Globe Chapter 7

Did you know that Globe is home to a Chapter of Royal Arch Masons?

The "Capitular" or Chapter Degrees of Freemasonry refers the four degrees of the York Rite system that follow the "blue lodge" or "Craft" degrees. The Holy Royal Arch is the final degree and the culmination of the Chapter experience for a candidate. The Chapter is the second body of the York Rite of Freemasonry (following the Symbolic or 'Blue' Lodge), though in some Jurisdictions it is considered the completion of the initial three degrees and is part of the regular Craft experience.

All Master Masons are eligible for membership.

History of White Mountain Lodge #3

(Continuing the history of our wonderful Lodge)

On January 10, 1901, the sum of \$5.00 per month was voted to keep the Masonic cemetery in repairs. The Secretary was also instructed to sell his old desk and purchase a new one which he did making a profit of \$5.60 on the deal. At the meeting held February 7th, it was decided to pay the Tyler the sum of \$1.00 for every night he tiled the Lodge and the Secretary was voted the sum of \$2.50 per month to remain at that figure until he kicked.

After having refused to rent the hall to the Miners Union several times, it was stated at the meeting held on August 1st, that at the next Regular Meeting to be held in September, the question would again be brought up as the Union had offered a rental of \$33.35 a month holding two meetings a month and the Secretary was instructed to inform in writing every member to be present at the September meeting. At this meeting the question was taken up and defeated by a vote of 19 to 6.

Bros. James H. Pascoe, Fred L. Jones and William W. Greek were appointed to confer with the I.O.O.F. concerning the purchase of one half of the Odd Fellows hall.

On December 25th, a committee composed of Bros. Ed. Wick, Harry F. Saunders and Paul Michaelson and to be known as the Building Committee to work in connection with the Trustees was appointed.

On January 15, 1903, the By-laws were amended to make the Regular Communication of this Lodge the Thursday night on or before the full moon of each month instead of the Thursday night succeeding the full moon. On September 3, 1903, the time of the regular communication was changed to the First Tuesday evening of each month at the I.O.O.F. hall in the town of Globe, Arizona Territory. When the Odd Fellows erected a building for their own occupancy which was more spacious and suitable for lodge purposes into which this lodge moved on the first day of October 1903, (this they occupied until the 7th day of October 1913.)

At the Regular Meeting held December 5th, the Lodge was presented with a gavel made from wood grown on the estate of our late Brother General George Washington by Bro. George W. P. Hunt. On February 6, 1906, a committee composed of Bros. Thomas A. Pascoe, George J. Stoneman and James S. Towle was appointed to investigate the matter of procuring a hall from Joseph H Hamill.

On June 5th, it was ordered that a donation of \$25.00 be made to the destitute of San Francisco, California. On January 7, 1908, a motion was carried whereby the Lodge was to furnish the Master with a silk hat and Prince Albert coat to be worn by him at all meetings. We were at that time paying the Odd Fellows Lodge \$244.00 per quarter for rent and the Trustees were asked to try and secure a reduction.

A motion made on August 4, 1908, to secure three emblematic aprons to be worn by the three principal officers of the Lodge. At the same time it was ordered that the matter of investigating the building of a hall be left to the Trustees and that they confer with a committee from the Royal Arch Masons.

On November 3rd, Bros Louis G. Moyers, Leroy Middleton and Theodore E. Sweet were appointed to act with a committee from the Chapter in the matter of securing a hall for the use of the Lodge. The installation of the above officers was held at the Dreamland Theatre, there being about 550 members, visiting brethren and guest. Lunch was served and dancing indulged in afterwards. It was held December 27, 1909

At the meeting held February 1, 1910, Bros. Andre Caillaud, William A. Smith and Harvey C. Houser were appointed to look into the matter of securing a lot and erecting a building thereon. It was also decided that no Lodge funds be loaned to individuals in the future.

On April 5, 1910, the committee named for purchasing a lot made a report, which was read and placed on file. The committee was no discharged.

A letter was ordered written July 5, 1910 to the Rescue Lodge and the other Lodges asking them to cooperate to secure title to the cemetery lot.

On April 20, 1912, the building committee of Bros. Thomas A. Pascoe, Louis G. Moyers, William A. Smith and Andre Gaillaud stated and recommended that the Lodge purchase Lot 4 Block 84 Globe Townsite owned by Estelia D Amster. Purchase to be made by issuance of First Mortgage bonds to be sold at par and bear 6% interest, redeemable three years after date of bond at the option of the Lodge. \$13,000.00 to be paid for lot and 9,000.00 for building.

On November 5, 1912, the building committee was ordered to prepare plans for the building.

On December 3, 1912, the subscribers to bonds were notified they could receive them at the office of the Gila Valley Bank and Trust Co. who had been appointed as Trustees

FROM THE WEST

PLURAL MEMBERSHIP

At the risk of sounding self-serving, I want to tout the value plural memberships bring to the fraternity. The following, not in any order of value or importance, but to simply give them their due:

1. Helps each lodge bolster its membership and broadens its base of input.
2. Gives each lodge greater flexibility in its officer line.
3. For the individual brother engaging in plural membership; a. It creates greater opportunity to serve in various positions—both appointed and elected;b. Improves individual’s ritual through greater repetition; c. Increases opportunities for working the quarry;b. And, exposes one to a greater variety of views, ritual, and friends.
